Dated 23 February 2011

Dear Mrs. Benu Roy,

Trust by the grace of God you are all doing fine. With whole-souled gratitude we acknowledge the receipt of your kind letter dated 15 Feb 2011 with a cheque vide no. 808581 dated 15 Feb 2011 of Rs. 2,16,750=00 towards the treatment of the utterly poor brethren of this impoverished region.

The sheer volume of patients this institute receives all the year comprises utterly poor from interior villages of not only Uttarakhand but from other States too with varied mix of illnesses. They pin their hopes on this hospital as they find it quite affordable and palpable for their economic capacity and emotional assurance.

Structured as a private trust and ~~working on the~~ principles of non-profit voluntarism, this Institute, located in a very remote corner of

India disconnected from the web of mainstream, has always struggled to mobilize funds through donations.

The gripping challenges are:

- The huge volume of patients drains economic resources which in turn inhibits innovation tailored to upscale its functionality
- It is causing tremendous push on us to raise proportionate volume of medicines and drugs for treatment of a wide spectrum of diseases
- The rise of corporate healthcare institutions based on business model has created tremendous opportunities. Their new objectives, salaries and ethos have led to a severe problem for us as young doctors leave this institute within a few years of joining.

It is against this backdrop that your contribution has begun to stand by this institute through the above described voyage of challenges and changes and inject an immense strength in preserving the ideals behind the vital services - serving the God in man.
