1st July, 2013

Dear Ms. Benu Roy

Thanks for your letter dt.30th ultimo, and for the donation of Rs.3,58,000/- (equivalent to 4000 pound) on behalf of your esteemed Kankhal Medical Aid, Windsor, for providing medicines and care to the poor patients of our Charitable Hospital. As desired, we are forwarding herewith our formal Receipt No.A/448 dt.15th June, 2013, for your perusal and record.

Thanks also for enquiring about my health and the problems that we have to face in this hot season. Evidently, we have to take all these on our own stride. Our strength is what is generated by friends and well wishers like you. However, it is true that for the nature's fury and the unprecedented flash flood in Uttarakhand (involving all the four Himalayan Dhams), about which you must be reading in the print and electronic media, we are involved in a big way in the relief work for the effected people.

We are also busy in the modernization and expansion work of our Hospital for which we are raising two more floors on the existing NOPD building so that we may increase the bed strength of the Hospital from 150 to 200 beds. The Emergency Ward has been renovated and the Hospital has to be fitted with modern equipments. The entire state was caught on the wrong foot during this heart rending national calamity. Naturally we shall have to keep on equipping ourselves to face all eventualities in future. This indeed is a continuous process.

You are helping us like this with the concerted efforts of you and your friends, so that we may serve those who have not been so much benefited by the economic recovery of the country and who can afford to foot the heavy medical bills, or have any insurance cover. Therefore, we do hope you will please continue helping us like this.

Thanking you all once again, we pray at the lotus feet of the Trio for the peace and happiness of you all.

Encl: Receipt

Yours in the Lord
Nityasuddhananda
